ILM ACADEMY

Fifth Grade Gazette

MATH

We have finished our unit on Decimals and are now beginning the unit on Algebraic concepts. We will probably finish the short unit on Algebra after the winter break and to make sure students do not forget them, students will be assigned a few IXL Skills to practice during the break!
Sis. Anam .

Assalamu Aliykom
The 5th and 6th grades completed Suratu-Saff, and also worked on general meanings, keywords, and recitation. We have also started on Suratul-Munafiqun. We are still practicing tajweed rules of (Noon Sakinah and Tanween). To reinforce the Tajweed rules are using activities and projects.
Sis. Asma

5th Grade Reading

This month we will continue with our novel study, Kizzy Ann Stamps.
Sis. Fatimah

5th grade ELA

We have completed **Personal Narratives** this quarter, in which students wrote a true story about an event or sequence of events in their lives. The topic can range in complexity from a story that is simple and entertaining to a story that is complex and riveting. The purpose of this assignment was to develop real experiences or events using an effective technique, descriptive details, and clear event sequences. Students produced clear and coherent writing, and with guidance and support from peers and teachers, develop and strengthen writing as needed by planning, revising, editing, and rewriting.

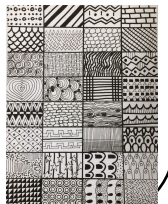

The final round of the Spelling Bee was conducted last month and the top winners will attend the regional fair in February 2019.

Sis. Meher

ART

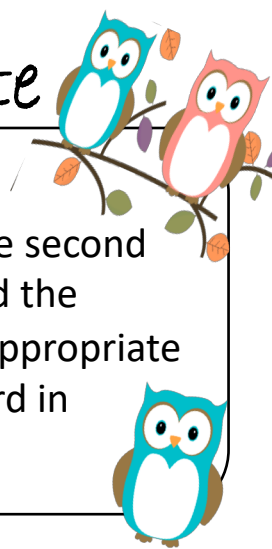

ASA Parents, We have had quite a busy month in Art and Physical Education classes these past month and a half. Our students have started to practice the idea of optical illusions so they can be better adapted to the use of color, light and patterns. Focus on these factors will allow them to create images that can be deceptive or misleading to the brains of observers. For the last two weeks art and P.E. classes have been devoted to rehearsals before the fundraiser.

Jak, Sis. Heba

5th Grade Social Studies

This month we will be learning/reviewing United States Geography. This includes; bodies of water, climate and vegetation, and people and the environment. Sis. Fatimah

5th Grade Quran (boys)

Assalaamu'alaikum. Alhamdulillah we are nearing the end of the second quarter. By the end of this quarter students will have completed the memorization, understanding and articulating Surah Saff with appropriate tajweed rules. Masha-Allah the students have worked really hard in completing their second Surah of the year.. Br. Ahmed

Islamic Studies

In the Name of Allāh, the Most Gracious, the Most Merciful

Assalamu alaykum wa rahmatullahi wa barakatuhu, Alhamdulillah! All praise to Allah (swt) who enabled us to complete this month of School successfully. Alhamdulillah, we were able to learn about prophet's of Islam, prophets and messengers, prophet Nuh along with that they worked on a project on Prophets and Messengers with multiple quizzes and test. Alhamdulillah!! For the coming month in sha Allah we plan to do lot more with kids learning about prophet Hud, Salih and Islamic Character engaging them in Quizzes, Activities and Projects on the same. In sha Allah We pray that Allah (swt) puts Barakah in our time and make our students righteous Leaders of the Believers. Ameen Sis Misbah

Technology

Students are continuing their coding lessons on code.org and are working towards finalizing the writing portion of the digital storybook. The next process of the storybook is to work on the design portion.

Arabic Newsletter for 5th grade

Cannot believe how second quarter flew by! We have finished unit 2 (Jobs & Profession) text 1. Fifth graders also learned about Zaynab's family members and their jobs in details, they could tell about their family members jobs as well through (unit project). They read the story of (The ant and the cricket) text 2 and they could analyze it in details MashAllah. They learned how to form the rules of dual and plural nouns and also worked on the two kinds of taa (short and long). Students practiced a lot of reading and writing in this unit Alhamdolillah. Our students were very excited to find out what happened to the Ant after it was saved from drowning in the pond (text 1, unit 3 Helping and Working Together). They are capable of answering questions related to understanding the text. Sis. Nafen

Science

The chapter we have been working on has been very interesting for students. We are comparing plants and animals and discussing their survival traits. We have also planted our bean seeds which has helped to make our learning experience more hands on.

During this unit we also had the chance to include a discussion about the ways Deen and Islamic teachings relate to what we are currently learning. I am quite happy to report that as of now our class average 100.3%! This means students have been working extra hard this quarter. Congratulations 5th grade!

As Salam Aleykum, Brother Sayel A.
