What you can do at home:

This month our class will be reading stories about how children can help at home. Children will learn about taking responsibility for cleaning, caring for a pet, doing errands, and other chores.

Here are some activities that you can do with your child to help reinforce the skills we will be practicing.

Word Workout

Vocabulary: chores, contribute Discuss different ways your child can help out at home. Create a list of jobs on a chore chart.

My Words to Know

High-Frequency Words: help, too Write the words *help* and *too*, and ask your child to write each word. Think of sentences that use both words. Write the sentences down and read them aloud. Have your child underline the words *help* and *too*.

Category Words: Household Furniture Play a game of "Simon Says." Use household furniture terms as you give commands to act out chores.

Phonics: long a Invite your child to play a rhyming game with words that have the long *a* sound. Guide your child in writing and sounding out the rhyming words.
