Sixth Grade Tweets

For writing, we are working on personal narratives this month, which is a brief story about a personal experience. We have also been reviewing spelling and vocabulary words from the Scripps Spelling List. The Spelling Bee inshaAllah will be held this month and the winner of the school Spelling Bee at the end of the month will move on to the regional Spelling Bee in February 2019.

Sis. Meher

ELA

Assalamu Aliykom

The 5th and 6th grade students continue to practice Suratu-Saff on meanings and keywords. They are currently on Ayah 12. Students are also practicing tajweed rules of (Noon Sakinah and Tanween). We did several activities to help reinforce the grammar rules. The integration of the student laptops has also helped with their lessons.

Reading

Our Unit 2 Essential Question: What is important to know? Students will continue reading different types of genre related to the essential question.

Sis. Fatimah

SCIENCE

Our plant chapter was full of surprises. We got to go outside and compare different plants and trees with the aim of categorizing them into the correct land plant characteristics. Seeded or seedless, vascular or non-vascular, all students seem to have a good grip on the material and to my surprise as well, a very interesting topic to them. As the 6th grade is always full of energy and eager to learn, they tend to steer me to think outside-the-box to teach. This chapter has been more hands-on labs to better deliver the material in a way they enjoy.

Stay tuned for more future newsletter and stay updated on what's going on in the classroom. Thank you in advance for all your support, we couldn't be this successful in the classroom without all that's done to nurture these young minds at home.

As Salam Aleykum,

Brother Sayel A.

Arabic

بسم الله الرحمن الرحيم

We are continuing to work on putting together a sentence using root words **جذر الكلمة** and expanding to implement in our daily use.

Learning how to: spelling, pronounce, and sense each word, then use it in a full sentence.

Sr. Sawsan AL-Maani

Assalaamu'alaikum.
Alhamdulillah the 2nd quarter is in full swing. We have completed the memorization of Surah Jumuah and have begun Surah Saff. Surah Saff begins with the praise of the Al-Mighty Allah ﷻ and how important it is to stay true to what you say. Students have completed Surah Saff Ayah 1-5 reading, memorization, understanding the meanings and lessons of these Ayaat.

MATH

We have finally finished our lesson on multiplying and dividing decimals and the students scored fairly well on the assessment. We are now beginning the new lesson on multiplying and dividing fractions.

Sis. Anam

Students have been learning about the geography and history of Mexico, Central America, and South America. They have learned about important physical features and Climate of these places and how they have affected the history and cultures of its people. This month we will be beginning our Unit on Western Europe.

Islamic Studies

Assalaamu'alaikum. Alhamdulillah the 2nd quarter is in full swing. Currently we are learning about the different angels Allah ﷻ created and tasked for different tasks. We learned about the angel responsible for rain, the angel responsible to take people's soul, the angel responsible for protecting us and many more. We are now studying the greatest angel: Jibrael (A.S) and what makes him such an important and significant angel.

Br. Ahmed

ART

ASA dear parents. This month students worked on a project where they used construction paper, glue, and oil pastel crayons. The main goal was to create a city with a reflection on the water.

JAK Sis. Heba

Technology

Students have started working on a yearlong project where they will use different components of STEAM to plan, design, and engineer a school carnival. Each grade (6th to 8th) will be responsible for 7 activities and one food related stand. Initial process of setting up roles and groups have started. I will update you throughout the process.

We have also started our lessons on python programming using online lessons on [codester.com](https://www.codester.com)
