

Fifth Grade Gazette

MATH

The beginning of the second quarter was perfectly aligned with the beginning of the new chapter on Decimals. We are working on adding and subtracting decimals and out upcoming topics which include multiplication and division. We are excited to share our Multiplication Bee Winners: Aroush Malik (1st Place), Ariba Arif (2nd Place), and Ali Shehzad (3rd Place). Congratulations! Sis. Anam.

Assalamu Aliykom
The 5th and 6th grades students are keep practicing of Suratu-Saff for some general meanings and some keywords are in Ayah 12. They will also practice tajweed rules of (Noon Sakinah and Tanween). Students also worked on activities and projects for the rules. The addition of the student laptops has also helped to integrate technology into the lessons. Sis. Asma

5th Grade Reading

This month we will continue with our essential question; What does it take to put a plan into action? Students will be reading expository texts and nonfiction.

Sis. Fatimah

5th grade ELA

For writing, we are working on personal narratives this month, which is a brief story about a personal experience. We have also been reviewing spelling and vocabulary words from the Scripps Spelling List. The Spelling Bee inshAllah will be held this month and the winner of the school Spelling Bee at the end of this month will move on to the regional Spelling Bee in February 2019.

Sis. Meher

ART

ASA dear parents. This month students worked on a project where they used construction paper, glue, and oil pastel crayons. The main goal was to create a city with a reflection on the water.

Jak, **Sis. Heba**

5th Grade Social Studies

This month we will be learning/reviewing United States Geography. This includes; bodies of water, climate and vegetation, and people and the environment.

Sis. Fatimah

5th & 6th Grade Quran (boys)

Assalaamu'alaikum. Alhamdulillah the 2nd quarter is in full swing. We have completed the memorization of Surah Jumuah and have begun Surah Saff. Surah Saff begins with the praise of Al-Mighty Allah ﷻ and how important it is to stay true to what you say. Students have completed Surah Saff Ayah 1-5 reading, memorization, understanding the meanings and lessons of these Ayaat, insha-Allah. Br. Ahmed

Islamic Studies

In the Name of Allāh, the Most Gracious, the Most Merciful

Assalamu alaykum wa rahmatullahi wa barakatuhu, Alhamdulillah! All praise to Allah (swt) who enabled us to complete this month of School successfully. Alhamdulillah, we were able to learn about and understand Surah Mulk along with that they had multiple quizzes and test.

Alhamdulillah!

For the coming month in sha Allah we plan to do lot more with kids learning about the prophets of Islam and engaging them in quizzes, activities, and projects. In sha Allah

We pray that Allah (swt) puts Barakah in our time and make our students righteous Leaders of the Believers. Ameen

Sis Misbah

Technology

Students have started their first project of the year and are very excited about it.

They will be working on a Digital Storybook, using the various features of Google Slides. We can't wait to share the final work.

Arabic Newsletter for 5th grade

Another month has passed by very fast, can't believe it....

As you all know the whole school had enjoyed the career day on Friday. Students were introduced to different kinds of jobs and careers. That was integrated to our unit 2 (Jobs & careers) text 1. Fifth graders could tell about our guests' jobs and write a description about it in Arabic using simple sentences Mashallah.

Fifth graders learned how to form the dual noun from the singular nouns then they added the rule of making plurals as well (Grammar). Students practiced reading the text and answer all questions about Zaynab's family members.

Students are learning about sentence structure and more to come inshallah. **Sis. Nafen**

Science

As we wrapped up our chapter on forces and Newton's Laws, the class average was a wonderful 92. The lab experiment we had for this chapter gave the students a sense of how forces work. As I was away for 2 days (Monday and Tuesday) of last week, I have recorded my lectures and presented the PowerPoint presentation. They loved this to the point where they were waving at the screen as if I see them and interact with them. A new way of delivering the material that was carried out successfully! Most importantly, we are right on schedule with no delays :) With the help of our teachers, our students loved this new approach.

Barak Allah fikum all

Stay tuned for more future newsletters and stay updated on what's going on in the classroom. Thank in advance for all your support we couldn't be this successful in the classroom without all that's done to nurture these young minds at home.

As Salam Aleykum, Brother Sayel A.

Here are some pictures from our field study to Stone Mountain.
